

<http://snookerydos.blogspot.com/2011/03/practice-routines-part-4.html#more>

In this part you'll gain expertise around the blue spot and gaining cue ball control with an interesting routine

i) - Pot six red-blues, but blues must be potted only in the center pockets

ii) - Place the cue ball as shown or slightly adjust it to pot blue and, with varying degrees of side, make five consecutive cannons on the reds
