HANDMADE CUSTOM CUES . . . MANY OPTIONS . . . FAST PROFESSIONAL REPAIR.

Viking will custom craft a cue to your own specifications using the finest materials available.

Each cue features one of these popular joints: 1.) The metal to metal joints (either brass, stainless or a combination of the two) give a good, hard hit, 2.) the metal to implex is a softer hit, 3.) the super joint is the strongest because both ends are double-threaded, 4.) the implex joint gives the softest, quietest hit possible.

Three types of wraps are used. Most cues have a nylon wrap, but you'll get Irish linen as a standard on Z70, Z85, Z150, Z210, Z230 and Z250. Leather wrap is standard on Z190, Z200, Z220, Z240, Z275 and Z300.

Lucite ferrule and French tip standard on all cues (except "S" cue).

"S" cue is available only with purchase lots of 50 or more.

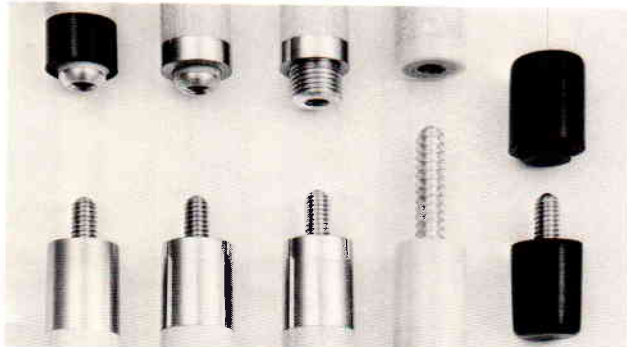

CUE OPTIONS:

Name in or on cue	\$ 5.00

Name or name change	10.00-up

HOW TO ORDER:

Simply send your name and address along with the model number of the cue and optional items or services you desire. Be sure to specify weight and millimeter.

Special instructions should be clearly indicated. Determine the total cost for the items from the listed prices, add an additional \$2.00 for shipping, and send at least a 25% deposit to Viking. In order to expedite orders from new accounts or individuals, a money order or certified check is recommended. **There'll be a service charge on personal checks and orders won't be processed until checks are cleared.**

NOTE: We will not be responsible for verbal orders. Customers returning cues for credit will be charged 20% of the cost of the cue plus options and postage.
